SECURITIES TRADING POLICY

1. INTRODUCTION

The Securities Trading Policy of Timah Resources Limited (TML) regulates the sale and purchase of securities (ordinary shares, options and derivative products) in TML by Directors, employees and associated persons.

The purpose of this Securities Trading Policy is to reinforce this position and to assist Directors, employees and associates to avoid conduct known as "insider trading". The Securities Trading Policy was to comply with ASX Listing Rules.

2. DEFINATION OF INSIDER TRADING

2.1 Prohibition

Insider trading is a criminal offence. A person will be guilty of insider trading if:

- a. That person possesses information in relation to a company which is not generally available to the market, and if it were generally available to the market, would be likely to affect the price or value of that company's securities (ie. information that is "price sensitive"); and
- b. That person:
 - i. Buys or sells securities in the company;
 - ii. Procures someone else to buy or sell securities in the company; or
 - iii. Passes on that information to a third party where that person knows, or ought reasonably to know, that the third party would be likely to deal in the securities or procure someone else to deal in the securities of the company.

When is information "generally available"?

Information is considered to be generally available if it:

- a. Is readily observable; (for example, published in the press, or in marketing communications); or
- b. Has been made known in a manner likely to bring it to the attention of persons who commonly invest in securities of a kind whose price or value might be affected by the information (e.g. by way of an ASX announcement) and, since the information was made known, a reasonable period has elapsed.
